

BILIOUSNESS, GAS, HEADACHE, MEAN CONSTIPATED BOWELS

Delicious "Syrup of Figs" Cleanses Your Stomach, Liver and 30 Feet of Bowels of Sour Bile, Gases, Decaying Food and Clogged-Up Waste, no Griping

A harmless cure for sick headache, is a wonderful stomach, liver and bowel cleanser, regulator and tonic, the safest and most positive ever devised.

The day of violent purgatives, such as calomel, pills, salts and castor oil is past. They were all wrong. You got relief, but at what a cost! They acted by flooding the bowels with fluids, but these fluids were digestive juices. Syrup of Figs embody only harmless laxatives, which act in a natural way. It does what right food would do—what eating lots of fruit and what plenty of exercise will do for the liver, stomach and bowels.

A teaspoonful of Syrup of Figs to-night means all poisonous waste matter, the undigested, fermenting food and sour bile, gently moved on and out of your system by morning, without griping, nausea or weakness. It means a cheery day tomorrow—many bright days thereafter.

Please don't think of gentle, effective Syrup of Figs as a physic. Don't think you are drugging yourself, for luscious figs, senna and aromatics can not injure anyone. This remarkable fruit preparation

SANTA ANA FIGURES IN SECRET WEDDING

Gretna Green Romance of Los Angeles Maid and Needles Groom Just Disclosed

Los Angeles Times: Click-click-click—click—so on dashed the telegraph. Clickety-click—clickety-click went the answer, and thus over the machines was a childhood acquaintance ripened into romance, romance into love, and that to an elopement which came to light last Tuesday after three months of hush.

Ethel Collard that was heard the clicks that spelled an old friend's name as she sat taking messages at her little desk in the Alexandria lobby. Over the wire she whispered her own to Walter McCloud, Santa Fe dispatcher at Needles.

He remembered. It brought back visions of a school girl, one who had gone through the grades and then to Polytechnic High. It made him think of a black-haired, bright-eyed, lively miss, and brought a decision to visit Los Angeles as soon as possible.

That was six months ago. He wandered into the Alexandria, found the telegraph desk through an ear attuned to the clatter of the delicate instrument, and then proceeded to tap his message on the glass of the booth while his friend was too busy sending a wire to pay any attention to those about. Through her sending came the tapping and it awakened quick recollections.

Walter she knew at once. She liked him—and then more than liked. Three months ago he came back again. He showed her plans of a bungalow he had started to build at Needles. She thought the plans were fine.

Together they decided they were sufficiently substantial to guarantee a happy home in Santa Ana. Ethel was taken suddenly sick. A relief operator was to arrive about noon. She started ostensibly for home. The next morning she returned to work with the assurance that health was much improved. They were married. She is the daughter of Mr. and Mrs. W. J. Collard, No. 156 West Forty-sixth street. In a few days Mrs. McCloud will relinquish her telegraph key and say farewell to her millionaire drummer friends, her nervous, agitated old-lady clients, and take up her residence at Needles.

LAST CHAPTER IN BUNGALOW MURDER

Evidence of Finger Print Pointed Out Murderer—Jewelry Identified Victim

Los Angeles Examiner: Mute evidence from a finger print and the testimony of a half dozen women has written the last chapter in the murder mystery of the vacant house in Arlington street. They have established beyond all question of doubt that C. C. Dillon, the Chicago electrician, murdered Miss Minnie E. Quinn in the unoccupied bungalow, robbed her, returned to Chicago to give the proceeds of his crime to his wife and then, menaced by the police, committed suicide.

Dillon's finger prints were left on the neck of the beer bottle with which the crime was committed. Yesterday the impressions of his fingers were taken in Chicago and through telegraphic comparison they proved to be identical with those found here.

In a few days a more thorough study will be made, but enough was learned, yesterday, to convince the authorities that no mistake was made in the announcement that Dillon was the murderer.

Complete identification of Minnie E. Quinn as the victim was also supplied in Chicago. This was done by Mrs. C. C. Dillon, the wife of the murderer, when she informed the police that her husband had given her a ring and a watch when he returned from his trip to California. These were subsequently identified as having been the property of Miss Quinn.

MARTIN WILL FLY SUNDAY

WANTS SANITY LOOKED INTO

Motor-Boat Race Will be Pulled Off—Princess Rides Tomorrow

Glenn L. Martin is scheduled to make some more of his wonderful hydro-aeroplane flights over Newport Bay. He has made a contract for some fine flying next Sunday, commencing at 2 o'clock, and his race with the motor-boat that could not be held last Sunday will be held next Sunday. The motor-boat has been overhauled since its ducking of last Sunday, which ducking was the reason the race had to be called off.

The Hawaiian princess is going to be on hand tomorrow for a flight with Martin. It was not because she was scared out that she failed to be on hand last week, but it was because the arrangements to get her to the Bay failed.

Martin has just closed a contract for the sale of a biplane to Grover C. Bell of San Francisco. Bell buys the plane that Miss Blanche Scott, who is under contract to fly under Martin's management, has been using, and a new plane will be provided for her.

POTATO ACREAGE WILL BE IMMENSE

4000 Carloads in Southern California—All Vegetables Expected Cheaper

LOS ANGELES, May 23.—Here's joyous news! The prices of potatoes are going down.

One of the principal offenders in the high cost of living will, in a short time, show a remarkable reformation. The potatoes of the coming crop will cost the housewife just about half what she paid for those of last year. All this is due to the unprecedented acreage planted to potatoes this year, following the altitudinous prices paid for the short supply of 1911. One produce dealer yesterday summed up the outlook by declaring "we will deal in carload lots instead of by the crate was taken.

Acreage Greatly Increased
It is estimated that from 12,000 to 15,000 acres have been converted into potato fields this year, and the crop outlook is so promising that it is estimated 4000 carloads will be handled from the Southern California markets alone. Last year there were less than 1000 carloads.

The acreage in the northern part of the state, also, has been greatly increased, so this will supply the San Francisco market and stop the heavy demand from that quarter which kept local prices soaring last year.

Emanuel Davis, manager of the Los Angeles branch of the San Francisco produce house of Wolf & Sons, declared yesterday that 1912 should be the greatest potato crop in California history.

"Everybody's Doing It" might be applied to the potato growing situation, said Davis. "Backyards, orchards, fields and even roadsides have been planted to potatoes. At one time it seemed as though there would be a greater shortage of potatoes than last year, and when the last rains came everyone who could planted potatoes. The result is that there are more potatoes growing in California today than ever before.

"On top of this unusual acreage there is every indication for a bumper crop. Unless something unforeseen happens I look for the price to be half what it was last year. At that time I paid \$3 a sack for potatoes in carload lots."

Other Vegetables Cheaper

During the past thirty days the retail price of fresh vegetables has decreased on an average of about 40 per cent. On April 15, when the first of the green goods were placed on the markets, they were, owing to the high cost, considered a luxury. The following table gives a slight comparison of the wholesale prices of a month ago and those of the present:

Green peas, lb. 15c 4c-6c
Cabbage, a sack 31.75 55c
Green beans, lb. 20c-25c 2c-10c
Lettuce, crate \$1.25-1.50 6c-7c
Celery, crate \$3.50 5c-6c
Cucumbers, (hot house) dozen \$2.00 50c

J. C. Richardson, president of the Richardson-Holmes Fruit and Produce Company, said yesterday that practically all of the products raised in the vicinity of Los Angeles, with the possible exception of lettuce, are being marketed here.

This season Southern California will produce the largest crop of vegetables in five years.

DEPARTMENT FOR JUNIORS

Y. M. C. A. Expects to Arrange a Relay Race Against County Boys

Oh! That campfire and wiener bake! Everybody was happy last evening at the Y. M. C. A. wiener bake and campfire, held on the French street athletic grounds. It was indeed the "real thing." Lots of hot wieners and rolls, lots of fun, and still more happy faces.

The program was arranged by Arthur Anderson and Harry Warne, and as usual everything passed off smoothly, and everybody enjoyed themselves to the utmost.

There were probably 150 members present, which was indeed a good showing.

The amusements provided for the fellows were a tug-of-war, indoor baseball, and boxing. After the various games a short business session was held around the campfire.

It was introduced that the Y. M. C. A. start a boys' department, the age to be 12 to 16 inclusive, boys to be allowed to join on payment of the annual dues of \$1.00. This will be voted on next Wednesday evening.

Two new committees were added by amendment to the constitution. These were the Publicity Committee and the Inter-Sunday School Committee, their respective chairmen to be members of the cabinet.

A motion was made and carried that the Santa Ana Y. M. C. A. challenge a combined team of fellows, picked from the other Y. M. C. A.'s of the county to a cross-country relay race. Dean Bates was named chairman of a committee to investigate the proposition and to get the runners. It was proposed to run to Huntington Beach on Saturday, June 8, but this has not been definitely settled. Probably the Huntington Beach fellows will combine and arrange to entertain the fellows and make it an athletic meet. A Y. M. C. A. pennant was on exhibition last evening. It was indeed a beauty. The colors were orange and black and it was thought that these colors would be adopted by the Santa Ana organization, although no definite action was taken.

These pennants are 50 cents each, and every member ought to purchase one. In case the Santa Ana Y. M. C. A. went to an athletic meet or any social function it would look fine to see the colors displayed prominently. All orders for the pennants will be taken by Martin Warren at the post office.

NO REASON FOR IT

When Santa Ana Citizens Show a Way

There can be no reason why any reader of this who suffers the tortures of an aching back, the annoyance of urinary disorders, the pains and dangers of kidney ills, will fail to heed the words of a neighbor who has found relief. Read what a Santa Ana citizen says:

W. A. Irvine, 811 E St., Santa Ana, Cal., says: "I am as firm a believer in Doan's Kidney Pills now as when I publicly vouch for their merits in March, 1907. The praise I give Doan's Kidney Pills is duly warranted, as their use has brought me relief on a number of occasions from backache and sharp pains through my loins. This medicine, which was procured at Doan's Drug Store (now Wheeler & Mather's Drug Store) has also been helpful in other ways, relieving soreness through my kidneys and regulating the passages of the kidney secretions."

For sale by all dealers. Price 50 cents. Foster-Millburn Co., Buffalo, New York, sole agents for the United States.

Remember the name—Doan's—and take no other.

1200-POUND SUN FISH CAPTURED AT PORTUGUESE BEND

LONG BEACH, May 23.—Found sleeping on the surface of the water a mile off Portuguese Bend, yesterday morning, a monster 1200-pound sunfish was tied up with ropes by the crew of the launch Eagle and towed to Long Beach where still alive, it was viewed by thousands.

The fish, which is the largest ever seen here, is twelve feet long from tip to tip and about six feet across at its widest part. The big fellow was first captured by being jabbed with a spear and then snagged with numerous hooks on hand lines. One of the crew then climbed out upon it and wrapped a rope around its body. As it came along side the pier, H. P. Anderson was standing on the body.

The following table gives a slight comparison of the wholesale prices of a month ago and those of the present:

Green peas, lb. 15c 4c-6c
Cabbage, a sack 31.75 55c
Green beans, lb. 20c-25c 2c-10c
Lettuce, crate \$1.25-1.50 6c-7c

THE NEWS—AND FIRST

In the handling of the Titanic disaster, which constituted the greatest news story since the assassination of President McKinley, the United Press again demonstrated its primacy in the afternoon news field. Readers of the Register have fresh in their minds the complete, graphic and well-connected reports of all phases of the disaster which were furnished by this service, and which were in point of time ahead of all other news associations, from the first definite report of the ship's loss to the story told by the survivors brought by the Carpathia—a story which not only "scoped" the world, but which has already taken its place in newspaper history as a classic in descriptive writing.

This achievement is the climax in a series of triumphs which has distinguished the United Press since its organization; triumphs in which it has demonstrated its ability to give the most complete and most accurate reports of great happenings, and to give them first. The United Press has conclusively demonstrated that a news service organized as it is, for the purpose of giving an afternoon service exclusively, is vastly the superior in that field to the organizations of wider scope and conflicting interests.

The Register has had occasion at intervals to congratulate itself and its readers on the speedy and comprehensive recording of the day's events through the dispatches of the United Press. With its sole motto: "Today's News Today," it has made itself the leading afternoon press service of the world, so much so that its dispatches are considered almost a sine qua non to progressive evening journals. Register readers have the assurance that they will get all the news, and get it first.

IS SPELLING AN ART?

We are prone to refer to spelling as a "lost art." But is spelling an art? With all due respect to the English language it is doubtful if the name can be applied. Certainly spelling is not a science.

Suppose, for instance, you were asked to spell "abacus," "ukase," "jardinier," "devise," "defacate," "synovial," "apertolacit," and "dalliance." By the time you had resumed your seat in perspiration confusion, you would be willing to agree that spelling is neither an art nor a science and that there is really just one classification for it—just spelling.

The words above listed were missed by a 14-year-old boy, Hugh Sappington of Clarksburg, Mo., winner of the state spelling contest. Sappington missed 14 out of 186 words. The list above comprised the errors in the oral part of the test. Of the words to be written, he missed "knout," "roughing," "capital" (city), and "characteristic."

Many a hard-headed exponent of the "little red school house" and the "blue-backed speller" insists that the modern high school student cannot spell. After the humiliating exhibition of young Sappington we are compelled to agree with them. Any 14-year-old boy should be able to spell "apertolacit" with his eyes shut. There is no hope ahead for the nation when our school children miss "jardinier" in an oral examination.

No, spelling is not an art—it is an imposition.

WHAT BELITTLES WOMAN SOCIALLY

The following interesting facts are brought out in the June American Magazine by Ida M. Tarbell in an article on "The Woman and Democracy."

"No other honest work in the country belittles a woman socially as housework performed for money. It is the only field of labor which has scarcely felt the touch of the modern labor movement; the only one where the hours, conditions and wages are not being attacked generally; the only one in which there is no organization or standardization, no training, no regular road of progress. It is the only field of labor in which there seems to be a general tendency to abandon the democratic notion and return frankly to the standards of the old aristocratic regime. The multiplication of livery, the tipping system, the terms of address, all show an increasing imitation of the old world's methods. Unhappily enough they are used with little or none of the old world's ease. Being imitations and not natural growths, they, of course, cannot be."

"More serious still is the relation which has been shown to exist between criminality and household oc-

cupations. Nothing indeed which recent investigation has established ought to startle the American woman more. Contrary to public opinion it is not the factory and shop which are making women offenders of all kinds; it is the household. In a recent careful study of over 3000 women criminals, the Bureau of Labor found 80 per cent came directly from their own homes or from the traditional pursuits of women!"

Declaring that the world has had a surfeit of "commercial" expositions and that such do no good, Gifford Pinchot, of conservation fame, put his stamp of approval on San Diego's plan to hold an "educational" exposition in 1915. Mr. Pinchot was taken over the grounds, past the nurseries filled with millions of ferns, plants and flowers and through the forest of 50,000 growing trees, which will form a background for the scenic attractions of the exposition. Anything growing in the soil appeals to Mr. Pinchot; his towering frame of six feet two will bow in homage to a tiny fern or a delicate plant.

SEVEN CANDIDATES TOOK EXAMINATION

Anaheim Gazette: Seven candidates for rural carrier took the examination at the library building Saturday where Miss Alice Robinson and Fred Stankey, of the Anaheim postoffice, acting as a board, held an examination. There are at present two vacancies to be filled on the rural force of the county—one at Fullerton and one at Anaheim, and five of these applicants were from Fullerton and two from this city.

The postal laws prohibit the examining board from making public the names of the candidates who take the examination until the papers are returned from Washington two weeks hence. Then the highest applicant for each of the vacancies, if he reaches the requirements of Uncle Sam, will be appointed and the other eligibles placed upon the waiting list to be drawn upon whenever a vacancy occurs in Orange County.

Anaheim and Santa Ana are the only points where examinations can be held in the county.

HARDWARE STORE IS BURGLARIZED OF \$93

Fullerton Tribune: Dean's hardware store was entered by a burglar some time Saturday night and \$93.80 stolen from the safe, which was not locked.

The burglar entered the store through a rear window and so far as known nothing except the money was taken. The safe door had been closed and the lock turned but the combination was not switched so the thief had no trouble.

As only a small amount of change was usually kept in the safe it was never locked at night.

The officers have the matter in hand but no clew to the robber has been discovered.

DEMOCRATIC HOSTESSES

Wives of Three Presidential Aspirants Receive at Capital Reception

WASHINGTON, May 23.—Mrs. William Jennings Bryan and Mrs. John Harmon assisted Mrs. Champ Clark in receiving at a reception today to the out-of-town guests at the Dolly Madison breakfast.

This triumvirate of Democratic national hostesses attracted a large gathering. With her usual originality Mrs. Clark observed the event by serving ice cream roasters, the emblems of Democracy. During the reception a talking machine edified the guests with "a good old tune, 'You've Gotta Quit Kickin' My Dawg Around."

NEEDLES IS NOW SAFE

500 Men Place Abutments to Turn Flood Current to Arizona Side SAN BERNARDINO, May 23.—The situation at Needles, where the Colorado river threatened much damage, was improved last night, although the river was steadily rising.

The force of 500 men kept at work steadily for twelve hours by the Santa Fe railroad succeeded in placing new abutments that it was believed would change the current to the Arizona side.

The rush of water Tuesday tore out all water pipes in Needles, excepting one, leaving the town practically without fire protection, and with barely enough water to prevent a famine until repairs can be made.

PICNIC AT PARK

Brookings People Reunion—Old and New Times Talked Over—Bountiful Dinner

Forty former Brookings County, South Dakota, residents, now living in Orange County, picnicked in Santiago Canyon Park Wednesday. The picnickers were joined by Mr. and Mrs. H. E. Lloyd of Hollywood and Mr. and Mrs. Ollie of Hermosa Beach.

Carriages and automobiles took the crowd up to the park where the former Brookings people enjoyed one of the best picnics. A bountiful dinner was one of the features of the day. The afternoon was spent in talking over old times, new interests, and indulging in out-door sports.

Orange County is now the home of sixty people who have moved from Brookings. The picnickers of yesterday expect to have their family increased by half as many more of the old home folks in another year.

Poor Brookings but fortunate Orange County.

So So Club Meeting—A delightful meeting of the So So Club took place yesterday afternoon at the home of Miss Myra Kirk, 2040 North Broadway. An honored guest of the club was Mrs. Gray, who is visiting her mother, Mrs. E. A. Kirk and her sister, Miss Myra Kirk.

The meeting was turned into a porch party and a merry affair it proved to be. Couches and pillows made the porch a most inviting place where the delicious air of out-of-doors was enjoyed to the utmost. Conversation never lagged as the ladies busied themselves with needlework. Delectable ice cream, cake and coffee were served on the porch, these being doubly appreciated from being served al fresco.

Mrs. Gray, although she will be here but a short time, was invited to become a member of the club, and graciously accepted the cordial invitation.

To Say Good Bye
Misses Mary and Celia Cotter and a few friends who are greatly interested in their travel plans for the summer, spent yesterday afternoon with Mrs. Hoyt Hall at her home on West Eighteenth street. The informal little gathering passed the time with chats over needlework, a jolly little sewing contest and a guessing game. When refreshments were served in the dining room, each friend presented the to-be travelers with a letter to be read at a designated date in the near future. The Misses Cotter leave Saturday for the Grand Canyon.

Griffiths-Ehart
Napa Register of May 20 has the following:

The marriage of Mrs. Sarah C. Hart and Mr. George Griffiths was solemnized in St. John's Church, San Francisco, by Pastor Benson, Saturday, May 18th.

The bride, a refined and highly cultured woman, has for some years been prominent in church and fraternal circles in Santa Ana. Cal.

The groom, a well-known citizen of this valley, is father of our worthy assemblyman, Walter B. Griffiths. Before coming to Napa he was one of the leading agriculturists of Orange County. Some three years ago he bought land in beautiful Napa Valley a few miles above this city and put buildings on it. Here the happy couple will in a short time be at home to their friends.

Past Matrons Meet

Mrs. U. D. Palmer of North Bush street made Tuesday afternoon a delightful one for the Past Matrons' Association, O. E. S., when the members of that organization met with her. A spirited business session consumed the earlier part of the afternoon, certain social plans coming in for much consideration. Following the business hour, Mrs. Frank True gave an entertaining description of a return trip from Yosemite made by herself and Mr. True two or three seasons ago. Mrs. O. M. Robbins professed Miss Mary Cotter, who soon leaves for a series of trips to Grand Canyon, Yosemite, Colorado Springs and the East, a pretty courtesy in the guise of a bouquet of beautiful roses.

Mrs. Palmer served dainty refreshments on small tables, centerpieces of red nasturtiums and maidenhair ferns lending a glow of color to each table. Corsage bouquets of red carnations were at each place.

MRS. LACY HONORED
Torosa Rebekahs Tender Reception to Her in Recognition of Her New Office

Mrs. Fanny Lacy was an honored guest at a reception tendered her last night by Torosa Rebekah Lodge, of which she is a member. The event was in celebration of Mrs. Lacy's recent election as grand warden of the State Rebekah assembly.

The J. O. O. F. assembly hall was beautifully decorated with roses for the event, and immediately after the lodge had been called to order, Mrs. Lacy was escorted into the hall and introduced in her new official capacity. The officers and members then formed for a grand march, both presenting Mrs. Lacy a bouquet on passing her chair. She was later presented with a handsome gold banded china tea set, responding touchingly to the presentation speech by Mrs. Sarah Flows.

After reports by the delegates Mrs. Kate Montgomery, Miss Ethel Shoom and Mrs. Flowers, a line of march, headed by Mrs. Lacy and J. C. Joplin, was made to the banquet room, where Shasta daisies and ferns adorned the tables. A special table was provided for Mrs. Lacy and the 1911 and 1912 assembly delegates.

Delicious refreshments were followed by many pleasant talks. Many of the older members talked on the good of the order and many visitors from Santa Ana and elsewhere made brief addresses. Among these were Miss Merritt of Long Beach, district deputy, and Mrs. Henacy of Westminster, who was a delegate to the assembly. A pleasant courtesy was the distribution of "Arizona delight," by Mr. Joplin. It is a cactus confection and said to be delicious.

The affair of last evening was a distinct tribute of affection and respect to Mrs. Lacy, who reflects honor on her lodge by the esteem shown her by the assembly. She was elected grand warden at the recent state meeting, on the first ballot, an unusual honor.

HOW CAN WOMEN VOTE ON TUESDAY—IRONING DAY?

In the June American Magazine, "Abc" Martin, the Indiana funny character, created and used by Kin Hubbard, the well-known humorist, gives his views on these of his neighbors on votes for women. Following is an extract:

"Th' only real objection I kin see to women votin' is that our elections are allius held on Tuesday—ironin' day, otherwise I would be heartily for it, said Tell Binkley, our leadin' tornado insurance writer. Mr. Binkley is predisposed t' bright colors an' has a tenor's mustache an' reminds you o' th' boss barber o' the late sev-

enties."

"Miss Mamie Moon is our most brilliant an' fearless suffragist. She has strong square features, a fair-skinned knot o' red hair under moderate control, steel gray eyes at no considerable distance apart an' wears a four-in-hand tie an' side pocket. She would command attention even on a circus day and has long galled under taxation without representation. Turnin' t' Constable Plum in th' squire's office she said: "I've got just about as much use for you an' th' law as I have for a croquet set, an' if I ever pay any taxes without first knockin' your head off I'll be in a trance."

"Later in th' day Miss Moon paid her respects t' men in general by declarin' em' just a lot o' stomachs an' wash-chains whose whole idea o' citizenship wuz throwin' a round steak on th' table three or four times a week or buyin' a wife a clothes wringer. She said that the growin' tendency 'mongst our girls t' seek some lighter employment other than marriage made her buyout with hope an' courage.

"Mrs. Tilford Moots, who has contributed more sons t' th' Reg'lar Army than any woman in th' world, an' who has always been closely affiliated with a champion checker player, stopped plowin' long enough t' say that, while she didn't take no newspapers and only known what she heered from the hucksters, she'd allus felt like ther wuz somethin' equal. She said she'd never found time t' look int' things an' her husband wuz to busy defendin' his title t' be o' much help.

"However, she says if women git t' votin' she'll vote with 'em—that is, if it's too wet t' plow an' she kin git off."

New Teaching Method
Miss Henrietta Rodman of New York says that many high school girls are martyrs of a system of education that requires them to "pass" in mathematics and Greek and Latin, which they may hate and yet have remarkable ability in other directions. She has a plan of education to high school teachers which she has tried in her own school. One of the girls sits at the desk, and she sits among the pupils. The girl teaches for a day and, needless to say, has her own lessons that day. Then Miss Rodman encourages the girls to study themselves and, if they cannot learn Greek and Latin, to find out in what way they can excel.

Goodbye to Bothersome Drawstrings

THE drawstrings of the old style blouse were always coming undone. The ends were always dangling outside. They had to be tied and untied every time you put the blouse on or took it off.

The famous K&E LOOP Blouse does

away with the old

nuisance of the drawstring.

With this LOOP the drawstring can be fastened securely when first put on, and does not need to be again adjusted until the blouse comes from the laundry.

This helps every boy to dress and undress himself more quickly and keep himself neat in appearance.

The K&E Blouse, with its patent LOOP, has no loose ends to dangle outside. The mothers will appreciate the K&E LOOP Blouse for other reasons:

Bachelor's Kitchen

All the children sit around the room on the floor, with a grownup as "it" in the middle, who asks each player what he or she will give to an old bachelor for his kitchen.

Anything can be named that enters a boy's or girl's head, from a cow to a soap dish. "It" goes from one to the other, asking all sorts of questions, to which the answer must be the name of the thing given by that particular player.

For instance, "it" might inquire, "What is your head made of?" The answer must come with a perfectly straight face. "Potatoes," "door scraper" or "Tabby cat"—a thing easier said than done. Whoever laughs must pay a forfeit.

ADDITIONAL FACTS ON 'PHONE MERGER

Sunset Co. Wishes Merger to Meet Pasadena's Demand For One Phone Service

The following facts concerning the proposed Sunset and Home Telephone merger have been made public:

The Pacific Telephone and Telegraph Company has filed with the State Railroad Commission an application to be allowed to purchase the capital stock of the Home Telephone and Telegraph Company of Los Angeles. In its application it states that it has an option on 4879 1/4 shares out of a total of 5190 shares of the Home Company. The option is at \$44.00 a share.

The Pacific Company states that it regards the Home Company as worth "at least the sum of \$730,000." It adds "that it will be to the best interests of both applicant and Home Telephone Company of Pasadena that the two systems be consolidated as herein set forth, and applicant is informed and believes that such consolidation will meet not only with the approval of the municipal authorities of said city of Pasadena, but of the subscribers of each system and the general public as well."

It is understood that The Pacific Company will file a second application, requesting permission to consolidate the physical properties of the two corporations in Pasadena and to operate as one system.

The franchise of the Pacific Company in the city of Pasadena expired several months ago and the Company has been doing business there under special temporary permits from the city authorities. The Pasadena City Council has taken the stand that it desires but one telephone system in the municipality. To establish its position in Pasadena, therefore, The Pacific Company has regarded it as advisable to take over the Home Company.

The financial statements accompanying the application give the capital stock issued and outstanding of the Home Company as \$516,000 and its bond issue as \$471,500. Among the assets are listed: Plant, \$600,000; franchise, \$210,725; construction, \$358,894.50. The total assets of the Home Company are given as \$1,206,467.

The financial statement shows further that dividends have been paid by the Home Company as follows: 1907, 3 per cent.; 1908, 1 per cent.; 1909, 1/2 per cent.; 1910, 1 per cent.; 1911, 1 per cent. For the year 1911 the gross earnings were \$128,886.27 and surplus \$28,947.67.

A LITTLE DANDERINE WILL MAKE YOUR HAIR LUSTROUS, SOFT, FLUFFY, ABUNDANT

Get a 25 cent bottle now and
forever stop falling hair, Itching
Scalp and Dandruff

If you Wish to Double the Beauty
of your Hair in Ten Minutes surely
Try a Danderine Hair Cleanse

Your hair becomes light, wavy, fluffy, abundant and appears as soft, lustrous and beautiful as a young girl's after a Danderine hair cleanse. Just try this—moisten a cloth with a little Danderine and carefully draw it through your hair, taking one small strand at a time. This will cleanse the hair of dust, dirt and excessive oil and in just a few moments you have doubled the beauty of your hair.

A delightful surprise awaits particularly those who have been careless, whose hair has been neglected or is scraggly, faded, dry, brittle or thin. Besides beautifying the hair at once, Danderine dissolves every particle of dandruff, cleanses, purifies and invigorates the scalp, forever stopping itching and falling hair.

Try as you will, after one application of Danderine you cannot find any dandruff or a loose or falling hair, and your scalp will never itch, but what will please you most will be after a few weeks' use when you will actually see new hair—fine and downy at first—but really new hair sprouting all over the scalp. Danderine makes the hair grow long, heavy and luxuriant and we can prove it. If you care for pretty, soft hair and lots of it, surely get a 25 cent bottle of Knowlton's Danderine from any druggist or toilet counter, and just try it.

Saving Increases One's self-respect

It encourages a sense of independence, always dear to the heart of right-thinking people.

It makes for personal development, too, along lines of responsible citizenship, and every thrifty man or woman with a bank account is just so much more valuable to the community than would be the case otherwise.

Most important, however is the safeguard which a bank account affords the future.

The jury is F. W. Pryor, J. Schroeder, H. C. Dawes, Addison Rush, Charles Carlson, William Hoyer, W. S. Peek, Rupert Best, W. Hale, O. P. Bonyard, J. A. Engel, R. B. Wardlow.

Cronvall a Degenerate

Charles Cronvall, aged 37, was today committed to the insane asylum at Patton. He was arrested near Anaheim for a criminal assault upon a girl. His actions in jail convinced Jailer Jernigan that the man was of unsound mind, and an investigation by District Attorney West resulted in a charge of insanity being brought against Cronvall. The commission found that Cronvall is a degenerate.

Articles of incorporation were filed today by the McPherson Heights Citrus Association, recently formed by orange and lemon growers who have ranches in the vicinity of McPherson. This association does not differ from other citrus growers associations of the county. The directors are R. W. Jones, L. W. Evans, Peter Goddickson, Clete Stanfield, K. E. Watson, H. W. Walker and L. Nevada to Montana. Sidewalks and curbs are to be laid, oil paving done and sewers and water mains installed under the provisions of the Vrooman act. This advance step marks the breaking up of practically the last of the bean fields and barley ranches within the city limits. Just as soon as the contemplated improvements can be made, it is expected there will be a cyclone of bungalow building operations in these subdivisions. Plans for a number of homes have been accepted, and work will be started just as soon as the sewer mains and water pipes can be installed.

GRASS VALLEY, May 23.—San Diego yesterday was awarded the Grand Lodge of Knights of Pythias, domain of California, for 1913. H. P. Campbell made a strong appeal for Stockton, but delegates favored San Diego and Stockton finally withdrew after asking for the Grand Lodge in 1914.

IN THE JUSTICE'S COURT

WHEELER FREE FROM CHARGE

Man Who Shot Ruiz at Los Alamitos Dismissed by Justice Cox Today

William Wheeler was given his freedom in the justice's court this morning.

"You might criticize him for not killing the man," said Attorney Bishop in asking for the dismissal. "But he did right in protecting himself."

Wheeler was arrested for firing a bullet into Benard Ruiz's abdomen at Los Alamitos. At first it was thought to have been a cowardly shooting, but on investigation the officers found that it was not that kind of a shooting. Deputy District Attorney Koepsel was satisfied that a conviction could not be secured.

The story was told by two boys, Emerson and Oscar Smith, who saw the shooting. They said Ruiz followed Wheeler and tried to pick a fight with him. Wheeler and his companion, Gallagher, left the crowd of Mexicans, and Ruiz followed. He struck at Wheeler, and seemed to act as though he was going to draw a revolver. Immediately Wheeler drew his revolver and fired.

"I would not have shot him if I had not thought my life was in danger," said Wheeler.

Ruiz is still in the hospital, with the chances that he will recover. Ruiz is known to Anaheim officers as a "bad hombre." He was made to leave Anaheim.

Beach Disturbance

With too much liquor in them, Manuel Quintana and Joe Villa of Delhi began shooting their revolvers into the air at Newport Beach Sunday evening. City Marshal Porter and his deputy arrested the two men and brought them here. This morning they were up for sentence. Quintana, having a family, was given a thirty days' suspended sentence. Villa was fined \$30.

NEW PUBLIC PLAY GROUND FOR LONG BEACH OPEN SOON

LONG BEACH, May 23.—Arrangements were made by the Playground Commission, for the opening of the new public playground on the beach just north of the auditorium on the Oxford property, which has been donated for that purpose by the Pacific Electric. The grounds will be ready for use June 15 and will remain open until October. The grounds will be open every day except Sunday and the amusements will consist of teeter-tail, swings, sand boxes, giant strides and ball courts. Two attendants will be on duty each day to watch the children and direct their play.

G. A. R.'S WOULD HALT SANTA ANA-LONG BEACH BALL GAME

LONG BEACH, May 23.—The proposed observation of Memorial Day by the local Lodge of Elks, which has announced a baseball game with the Santa Ana brethren, has aroused the veterans of the city and, backed by the W. R. C., a strong protest has been made against the program.

Years have not dimmed the fighting spirit of the old soldiers, and their indignation is vigorous and strong. To them the day is sacred to the memory of dead comrades and they resent any athletic sports even if the day is a legal holiday.

The Elks, however, are not inclined to take the serious view of it that the old soldiers do, and claim that a holiday is a holiday and so long as they do not conflict with any program that they can spend the day as they please, and are going ahead with the proposed arrangement.
